

## Pantaenius Yacht Rally Travel Insurance

Due to regulatory issues there are some nationalities/countries of residence for which the cover will not be available. Please contact us if you are not an EU resident for confirmation on whether cover can be arranged.

### First Insured (Yacht Owner or Party Leader)

**Notes on Completion of Application Form:**

1. There are two products available. The **Rally Travel Insurance** policy can be arranged to cover Cancellation and Curtailment, and/or Medical Expenses, and Other Risks can be purchased with either or both. Please refer to the Pantaenius Brochure or Policy Summary for full details of what is covered. The **Pantaenius Yacht Personal Accident Insurance** is a separate policy which may only be taken out by the yacht owner, but will cover all persons onboard. See further details below.
2. The main insured person (usually the yacht owner or party leader) should complete the main form. Other family members on the same yacht should be included on the form on the reverse of the main form. If there are more than three additional family to be included, please photocopy this form. Other unrelated Insured Persons should complete a separate form "Additional Insured Person".
3. The **start date** should be the start date of the rally, or the date from which you want cover to start if you are travelling out to join the rally at the start or mid-rally. You should select an **end date** that will allow for any delays in the rally, and also cover you during any period in which you are travelling to your home, if you wish cover to continue beyond rally participation. These dates will be used to calculate the premium and arrange cover for medical expenses and other risks. If the period is less than one year, Personal Accident cover will be arranged for a minimum of one year. If the period is more than one year, Personal Accident cover will be arranged for three years.
4. **Cancellation & Curtailment.** Please indicate the sum for which you require cover. The party leader/yacht owner should include yacht entry fees and also individual entry fees for himself, plus any other costs (e.g. flights out to the join the rally, or to return home, any pre-booked accommodation before the start or after the end of the rally). Other family members should be included only for their personal entry fees and flights etc. Remember that the amount you insure will be the maximum you can recover under the policy, so should be adequate to cover all foreseeable costs. **Maximum £25,000 per yacht.**
5. **Medical Expenses.** If you suffer from any pre-existing medical conditions, or if anyone whose health could affect your travel plans suffers from any pre-existing medical conditions, you must telephone the Medical Screening Service before submitting this application form. If the condition(s) are accepted, the insurers will use the information provided to assess and validate any claim submitted under the policy. A pre-existing medical condition is anything for which you have consulted a doctor or received medical advice within the last twelve months before making this application, anything for which you are receiving treatment or are on medication, or any condition for which you are on a waiting list for treatment. If you are unsure, please telephone the MOS Medical Helpline GbmH on Tel: +49 (0) 69 9778899-999
6. **Signature & Date.** By signing the form, you are declaring that the information you have provided is true, to the best of your knowledge and belief. Cover will be conditional on receipt of the appropriate premium.
7. **Payment of Premium/Start of Cover.** Subject to the premium having been paid, cover for cancellation starts from the first of: the date you apply for the insurance, or the date on which your contractual obligation to pay the entry fees commences, or the date on which you book flights out to join the rally, or to return home, or commit to any other relevant costs.
8. **Personal Accident.** This is a separate contract of insurance. Please complete the amounts you want to insure for Death Benefit (usually £30,000, £60,000, £90,000, £120,000 or £150,000) and for Disability Benefit (usually twice the amount insured for Death Benefit). Remember that these amounts are **per yacht** and should be sufficient, when divided by the number of people onboard, to provide adequate benefits to the individual.
